Manuel Fernández San Martín

Bachelor's Degree in Economics | Ssr. Research Analyst

manuelfsm03@gmail.com (+54) 9 11 6863 1682

PROFESSIONAL DESCRIPTION

Economist with experience in economic analysis for businesses, academic research, and strategy consulting. Skilled in quantitative modeling, programming (Python, R), and data-driven decision-making. Strong interest in causal inference and its intersection with macroeconomics, finance, economic development, and evidence-based public policy.

WORK EXPERIENCE

Ssr. Economic Research Analyst

March 2026 – Present

Bunge

Development and maintenance of market databases (clients, producers, origination, production capacity) integrating internal and external sources. Preparation of reports and presentations featuring portfolio analysis, commercial KPIs, supply/demand scenarios, and price projections. Application of statistical and econometric modeling techniques and sensitivity analysis—including futures markets—to anticipate market shifts and support commercial decision-making.

Teaching Assistant – Applied Quantitative Methods

March 2026 – Present

University of Buenos Aires, Morrone course

Teaching assistant for an integrative course combining calculus, linear algebra, and applied economics with Python programming. Contents include function modeling (costs, revenue, demand), symbolic computation with SymPy, optimization, and data visualization—aimed at training data analysts to translate management problems into reproducible quantitative solutions.

PROPAI Research Fellow

April 2025 – Present

Instituto Interdisciplinario de Economía Política (UBA – CONICET)

Research intern (PROPAI scholarship, selected in both the 2025 and 2026 cohorts) in the Economic Simulation Models (MESi) area of the IIEP (UBA – CONICET). Conduct research projects in economic theory using advanced modeling methods alongside senior researchers.

Teaching Assistant for Microeconomics II

March 2025 – Present

University of Buenos Aires, Ojeda course

Help students apply Game Theory concepts by guiding practical classes, promoting strategic thinking and incentive analysis.

Strategy Consultant

June 2024 – February 2026

TheMindCo

Strategy consultant initially joining part-time while finishing my degree, then transitioning to full-time. Responsibilities included market and industry analysis, quantitative modeling for data-driven decisions, identification of trends and insights for clients, and effective communication through data visualization to support strategic recommendations.

Research Analyst

February 2024 – June 2024

TheMindCo

FORMAL EDUCATION

Bachelor's Degree in Economics – University of Buenos Aires *March 2022 – December 2025*

GPA: 7.76/10. Cum laude distinction.

High School Diploma in Economics and Administration *March 2016 – December 2021*

Sacred Heart of Jesus High School. Academic honors – GPA 9.33. President of the Student Council.

RESEARCH

From Residue to Revenue: An Input–Output Evaluation of Biomass Valorisation in the Argentine Mesopotamia *November 2026*

With Manon Fraisse. 61st Annual Meeting of the Argentine Association of Political Economy (AAEP), Tucumán

Accepted for presentation. A regional input–output model comparing biomass expansion with an equivalent expansion of thermoelectric generation in output, employment and emissions.

SUPPLEMENTARY EDUCATION

R, Python and data visualization courses
Trained in R programming and data visualization for business decision-making on EdX and Datacamp.

Financial derivatives course: options and futures
Matba Rofex School, 2024.

Advanced Quantitative Methods (Econ 114) – Univ. of California Santa Cruz
Advanced Econometrics course completed through a UBA–UCSC academic agreement.

SCHOLARSHIPS & AWARDS

PROPAI Research Scholarship – FCE, University of Buenos Aires (2025 & 2026)
Competitive undergraduate research fellowship awarded by FCE-UBA. Selected in both the 2025 and 2026 cohorts.

Santander Scholarships – Business Fundamentals, Harvard Business School (2023)
Full scholarship awarded by Banco Santander to complete the Business Fundamentals program at Harvard Business School Online.

EXTRACURRICULAR ACTIVITIES

Coordinator of Entrepreneurship and Finance Areas – Económicas Business Club (2024–2025): Organized talks, workshops, and competitions related to finance, capital markets, entrepreneurship, and innovation. Helped connect students with the professional ecosystem and fostered a network of young professionals.

M&A Case Competition 2023: Won the 2023 M&A Competition with my team. Deepened knowledge in finance, business, and financial modeling, and gained hands-on experience using Refinitiv Workspace.

Ted-Ed Talk: Created and delivered a TED-Ed presentation to secondary-school students and later coached students in subsequent editions.

Sport: I play rugby at Hurling Club, where I also serve as a youth coach.

Youth Diplomats: Selected to participate in the diplomacy program organized by Kairos Global and sponsored by the U.S. Embassy, representing part of the Argentine delegation in multiple debates and negotiations.

SKILLS

Microsoft Office Suite: Advanced knowledge in PowerPoint, Excel and Word.

Programming: R, Python, SQL.

Soft Skills: Skilled in team coordination, dependable, and effective at communicating complex ideas clearly.

LANGUAGES

English: Advanced (C1 Level – Cambridge English) **Spanish:** Native
